ENGINEER SELECTION – WASTEWATER TREATMENT STUDY
As directed by the Board during the September 21, 2011 meeting, Engineering Staff solicited engineering firms to perform a Wastewater Treatment Study to analyze the treatment options for the District.

In accordance with NC General Statute 143-64.31 (Procurement of Architectural, Engineering, and Surveying Services), staff developed a Request for Qualifications (RFQ) and on October 10, 2011, posted it on the County’s website. The responses were received by October 28, 2011 and the following firms submitted Statements of Qualifications: Baker, Cavanaugh, Davis & Floyd, Mercer Design Group, Pirnie/Arcadis, and The Wooten Company. The Statements are available for review in the Engineering Department at the Historic Courthouse.

A detailed review of the firms was conducted based on the criteria established within the RFQ. The selection criteria are as follows: Project Team, Project Experience, Planning Performance, and Customer Service. Two firms have been identified by staff as most qualified: Davis & Floyd and Pirnie/Arcadis. Based on their Statements and further investigations, they both have presented a highly qualified project team with direct experience in performing wastewater treatment analysis. To assist the Board in making a selection between the two most qualified firms, both firms will attend the Board meeting to present additional information on their response to the RFQ and answer questions from the Board.

Upon approval of either Davis & Floyd or Pirnie/Arcadis as the most qualified firm by the Board of Commissioners, Engineering Staff will negotiate a scope of work and fee for the study and bring the resulting agreement back to the Board for approval. The nature of this project may warrant a workshop
with the Board and selected firm prior to approving an agreement to assist in identifying the scope of work.

**BREAK**

A brief break was taken.

**SOCIAL SERVICES’ INFORMATION UPDATE**

At the suggestion of BOC Chairman Edney, the DSS Board is providing monthly three-minute informational updates to the Board of Commissioners regarding various Social Services issues. The November 2011 update, provided by DSS Board Chair Lee Luebbe, pertains to the agency’s responsibility to serve as Guardian when appointed by the Henderson County Clerk of Court to individuals determined incompetent to manage their personal business.

Lee Luebbe, Chair of the Social Services Board of Henderson County stated goals of the Social Services Board this year are to educate citizens and advocate for Social Service needs as the Statute directs. To achieve these goals, we periodically publish articles in the Times News; and, in coordination with Chairman Edney, are now beginning a 3-minute presentation to the BOC on a monthly basis. Our selected subjects are timely; however, we are open to any topic that you as Commissioners would like to suggest. Future topics will include: home care vs. institutionalization, poverty, and partnering with non-profits.

The first topic selected by the Board is **Guardianships** - a topic that citizens will not read about as newsworthy, but one we see as a growing responsibility of Social Services.

**What is happening in Henderson County?**

It’s no surprise that people are living longer. In their later years, many older adults need to have courts appoint an individual, family member, corporation, or disinterested public agent as their guardian. Our graying population is growing faster in the last five years.

**What is Social Services Guardianship?**

Social Services’ Directors are appointed when the individual’s primary unmet needs are related to dementia, Alzheimer’s, neglect, abuse or exploitation and no one else is available, willing or able to be the appointed guardian. Legal duties of the guardian include managing affairs and making important decisions regarding where the adult will live, consent/approval for medical care, taking legal action, arranging services, and managing income/property.

1. If an individual lacks the capacity to manage their own affairs or make important decisions concerning person, family or property; and,
2. The individual is adjudicated incompetent by the Court; then
3. The Court can appoint an individual, family member, corporation, or disinterested public agent guardian.

**What are the recent trends?**

Perhaps you will be surprised to learn that guardianship hearings in Henderson County have increased from 17 in FY 08-09 to 72 in FY 10-11...a 324% increase. More specifically, the number of county residents the Social Services Director has been appointed guardian for by the Court has grown during that same time period from 30 in FY 08-09 to 51 in FY 10-11...a 70% increase.

**How is this increased caseload handled by the Social Services Director?**

Because we do not have staff in the department to manage this increase, a contract has been negotiated with Hope for the Future, Inc. (a non-profit located in Asheville specializing in this type of care) that will
November 16, 2011

become effective this month to address the excess our department cannot manage. The recommended caseload per case manager is 20; our current case load is 44. The average age of people who need guardianship because of dementia, Alzheimer’s, neglect, abuse, or exploitation is 80 (75% female). For those who need guardianship because of mental health, developmental disability, or substance abuse, the average age drops to 47 (60% male). We believe the contract with Hope for the Future, Inc. will be an effective means in a cost-effective way to provide this much-needed service to our citizens of Henderson County.

WHAT'S ON THE HORIZON?
IMPROVEMENTS TO THE INTERSECTION OF NC225, ERKWOOD DRIVE AND SHEPHERD STREET
Henderson County recently received a letter from the NC Department of Transportation requesting comments on NCDOT TIP Project U-5105, which comprises improvements to the intersection of Greenville Highway (NC225), Erkwood Drive and Shepherd Street. A representative from DOT was present to provide information on the project, and answer any questions the Board may have on the proposed project. Zack Lail of NCDOT stated there were six alternatives to be studied:

1) No Build
2) Signalize both intersections in place with added turn lanes.
3) Realign Erkwood Street to tie into Shepherd Street with a roundabout or signal.
4) Realign both Erkwood and Shepherd Street with a roundabout or a signal.
5) Realign Shepherd Street to tie into Erkwood Street with a roundabout or a signal.
6) Create an oval or peanut roundabout.

PUBLIC TRANSIT ROUTE CHANGES
County transportation planning and transit operations staff developed modest changes for two routes of the Apple Country Transit System. The two changes impact the Red and White Routes but maintain current service levels. The changes intend to:

- Provide improved and more efficient service;
- Prevent overcrowding on the White Route buses that occurs during peak periods;
- Alleviate timing concerns on the Red Route buses (length of current route causes buses to run late);
- Serve stops at 2nd and 7th Avenues with both Red and White Routes (each currently served only by one of the two routes);
- Align the Red Route in a more north-south service area; and
- Align the White Route in a more east-west service area.
The changes essentially "swap" part of the route segments between the Red and White Routes. The attached map shows the existing routes and the affected segments on the new route alignments (highlighted in yellow). The changes are limited to the area near downtown Hendersonville and the Laurel Park area.

Staff plans the effective date of January 3, 2012 (first day of service in the New Year). Extensive outreach to notify riders and address their questions is planned by placing notices in the buses and holding a drop-in informational session on November 30th, 2011. The drop-in informational session will be held at the Kaplan Auditorium in the Main Library from 10:00 a.m. until 5:30 p.m. for riders to visit at their convenience and speak with staff about any questions or concerns.
SALE OF "NUCHOLLS BUILDING"
As previously discussed by the Board, the County has received and Board gave preliminary acceptance of an offer to purchase the "Nuckolls" building, the land and structure at 201 North Main Street in Hendersonville. The offered price was $700,000.00.

The Board has followed a process, in conformity with N.C. Gen. Stat. §153A-176 and Article 12 of Chapter 160A of the General Statutes, as follows:

1) The Board received and gave preliminary acceptance on October 19, 2011, to an offer from Robert Quattlebaum to purchase the property.

2) A notice of the bid and its preliminary acceptance was published in a newspaper, describing the property potentially to be sold, and the terms of the offer. The notice further stated that the within ten (10) days of the first publication of the offer (October 27, 2011) anyone could have submitted a new, increased offer (an "upset bid") for the property.

3) No upset bid was received by the end of business November 7, 2011, which was the end of the ten day upset bid property.

4) The highest bid – the first bid, $700,000.00 – now comes back before the Board for final determination. The Board can either approve a sale at that price, or not. If the Board approves the final bid, that becomes the contract price.

Commissioner Young made the motion that the Board approves of the sale of the property which is the subject of this agenda item to Robert Quattlebaum at a price of $700,000.00. All voted in favor and the motion carried.
