Tax Collector's Report

DATE APPROVED: January 18, 2012
Deputy Tax Collector Carol McCraw had presented the Tax Collector’s Report to the Commissioners dated December 21, 2011 for information only. No action was required.

The November 2011 County Financial Report/Cash Balance Report was provided for the Board’s review and approval.

The following are explanations for departments/programs with higher budget to actual percentages for the month of November:

- Dues/Non-profit Contributions – 2nd quarter non-profit contribution payment to outside agencies
- Administrative Services – payout of former employee’s final pay during the 1st quarter
- Rescue Squad – 2nd quarter non-profit contribution payment
- Mental Health – Maintenance of Effort (MOE) funding payment made to Western Highlands in during the first quarter
- Debt Service – payment of County, Public Schools and Community College debt service payments due in November

The YTD deficit in the Capital Reserve Fund is the balance remaining from the original $750,000 approved and allocated by the Board for Recreation Park Projects from fund balance in this Fund.

The YTD deficit in the Emergency Telephone System (911) Fund is due to the payment of annual debt service ($106,235.53) on financing for the 911 system upgrade during the 1st quarter.

The YTD deficit in the Immigration and Customs Enforcement (ICE) Fund is due to project expenditures for the new ICE vehicle storage building, new vehicles and the purchase of equipment. Most of these expenditures have been covered through the appropriation of fund balance available in the ICE Fund. Also, Federal ICE revenues for November will not be received and posted until January 2012.

The YTD deficit in the CDBG – Warm Company Project Fund, the CDBG – Talley Drive Project Fund, the Mud Creek Grant Project Fund and the Facilities Lighting Retrofit Grant Project is due to the timing difference between the expenditure of grant funds and subsequent reimbursement from the state.

The YTD deficit in the Solid Waste Landfill Fund is due to expenditures made for the Solid Waste Capital Improvement Projects that are being financed from the appropriation of $1,950,000 in fund balance and a $2 million bank loan financing that was closed on December 9, 2011.

Motion:

I move that the Board of Commissioners approves the November 2011 County Financial Report and Cash Balance Report as presented.

Sidearm Request – Michael Duane Cannon
The Henderson County Sheriff’s Office requests that the service sidearm of Michael Duane Cannon be given to him in recognition of his retirement from the Henderson County Sheriff’s Office.
January 3, 2012

Michael Duane Cannon began employment with the Sheriff’s Department on July 26, 1983. Throughout his career he has worked in the Patrol Division, and been instrumental in supervising and training many of the current deputies. Sergeant Cannon has most recently served as a Sergeant for walk-ins from the public, as well as training officers, county employees and citizens in the area of identity theft. Most of his career with our agenda has been in the field as a Patrol Officer on the streets fighting crime.

Sergeant Michael Duane Cannon has been a true asset to the Sheriff’s Office, and his service to the people of Henderson County is greatly appreciated and will be remembered.

Sheriff Davis makes this request on behalf of the Henderson County Sheriff’s Office pursuant to North Carolina General Statute 20-187.2(a).

Motion:

_I move the Board allows Sheriff Rick Davis to present this service sidearm as a token of appreciation to Sergeant Michael Duane Cannon._

**Modification Agreements on CDBG Scattered Site Grant**

Community Development Block Grant (CDBG) Scattered Site Housing (SSH) program funds primary residence rehabilitation or emergency repairs for qualified for low-income homeowners. The CDBG SSH Grant comes from the federal government and is used to pay for these repairs. The program is solely funded by grant money and does not cost the County any money from the general fund. The cost of repairs or rehabilitation is secured by a forgivable loan in a promissory note or deed of trust.

The County contracts with Benchmark, Inc. who administers the program with assistance and supervision by the Planning Department. Benchmark advertises the program, collects applications from interested parties, and selects the property owners who are eligible to receive the grant funding. Once the owners are selected, the County signs a loan agreement with the individuals which is secured with a Deed of Trust for the amount of the repairs or rehabilitation.

Sometimes, these original agreements have to be modified because the amount of the repairs is greater or less than initially anticipated. Today we have two such modification agreements, one modification for a sum of approximately $2,500 more and the other for approximately $1,000 less.

Motion:

_I move that the Board directs staff to sign the Modification Agreements._

**Animal Services Advisory Committee Bylaw Amendments**

At the December meeting of the Animal Services Advisory Committee, the Committee unanimously recommended changing their meetings from monthly to quarterly, if approved by this Board. The bylaws will not take effect until approved by the Board of Commissioners.

Motion:

_I move the approval of the changes to the Henderson County Animal Services Advisory Committee Bylaws._

**Budget Amendment for Property Addressing Division of the Planning Department**

Planning Staff presents a budget amendment for FY12 for the Property Addressing Division for consideration. Because the budget amendment transfers monies from one fund to another, State Law and the Budget Ordinance requires Board approval. The proposed amendment transfers $49,674.00 from the E-911 Fund (Emergency Communications Fund) to the General Fund to reimburse eligible expenses for the Property Addressing Division. State law permits the use of E911 funds for eligible activities including some Property Addressing functions.
January 3, 2012

It is expected that this budget amendment will save the General Fund about $50,000 annually. The proposed amendment reduces the appropriated fund balance of the General Fund during the current fiscal year budget (FY12). Staff estimates that about 80% of the Property Addressing Coordinator’s activities are eligible for E911 Fund reimbursement.

The State distributes the E911 funds to primarily counties for specific E911 related activities. The State collects the E911 funds by levying a $0.60 service charge per voice phone line in North Carolina aimed at maintaining and enhancing Enhanced 911 Service. The Property Addressing Division of the Planning Department provides mission critical data that supports the 911 Center’s mapping programs.

The Sheriff’s Department and the Emergency Services Department support this request.

Motion:  
_I move that the Board approves the requested budget amendment as presented._

**Surplus Vehicles**

A resolution was provided for the Board’s consideration declaring a list of vehicles no longer used by the County as surplus property. The resolution authorizes staff to advertise the surplus vehicles for sale by electronic public auction at www.govdeals.com after the required advertisement of the sale.

Challenges:
1. Profitability Pressures (increased fuel and other input costs; foreign markets; adverse weather; reduced government support; crop insurance changes; construction slowdown reducing green industry sales; etc.)
2. Limited Infrastructure (few CA storage units; specialized machinery & equipment; local processor(s) etc.)
3. Farm Labor Availability (high dependency on immigrants)
4. Aging Farmers (estimated average age is 58)
5. Buyer demands (tougher specifications and standards; new food safety regulations)
6. Outside Competition (other domestic and foreign suppliers; Tier III economic counties with better incentive packages for new agribusiness)
7. Residential Growth (loss of farmland; higher land costs; pressure on demands for water)

Strengths and Opportunities
1. Local Grown (high demand for fresh, healthy, nutritious & safe food from a known source)
2. Location (close proximity to large markets; attracts tourism; excellent growing conditions)
3. Strong Agricultural Base (well-established in farming & several significant agri-business operations)
4. Experienced Farmers (able to grow a wide range of high demand products; desire to assist young farmers)
5. Excellent Research and Extension Services
6. Economic downturn affects agriculture less than most businesses (everyone has to eat)
7. Attractive to industry (low tax rates, non-unionized labor, supportive local government)

STAFF REPORTS
January 3, 2012

County Manager Steve Wyatt reminded the Board of the upcoming budget retreat on Wednesday, January 18, 2012 at 9:00 a.m., which would include presentations by the School Board and Blue Ridge Community College.

BREAK
A brief break was taken.

ADDITIONAL COMMENTS
Commissioner Edney informed the Board of the passing of Vernon Israel and Mary Laney (Melissa Maurer’s Mother).

Commissioner Edney responded to comments made by Thomas Hill. He felt that Mr. Hill had taken advantage of this Board’s open policy in desire to receive public input at all of the meetings. This is a time and opportunity to offer positive influence to the county. “Tonight however, in my mind, Mr. Hill has crossed the line between using this forum for a public good and in a positive manner to unfairly and improperly cast an ugly shadow and indictment upon the entire Henderson County Sheriff’s Department. The issues we are facing with Sheriff Davis are extremely serious, and in my mind, the most serious thing any board, ours or past boards have had to face in my lifetime. I don’t think that Mr. Hill should be using this to get his fifteen (15) minutes of glory to honest with you. This stuff is too serious. He comes in here and makes these extremely serious allegations without any proof. I think it is incumbent upon us and upon the news media not to publicize and foster these allegations without real and absolute evidence. He says in his letter that he’s spoken to a number of people and that folks are willing to come forward and sign sworn affidavits. If that’s a fact and that’s true, then I would call upon the news media not to report this stuff until he comes forward with proof, with sworn statements from people confirming these allegations. As serious as these times are, I don’t think that statements made from the podium here need to be the news. The news needs to be the facts and not allegations.”

**Justification:** Please provide a brief justification for this line-item transfer request.

Staff verified that E911 Funds can be used to reimburse some Property Addressing functions. It is estimated that 80% of the Property Addressing Coordinator position costs can be reimbursed. This amendment transfers $49,674 from the Emergency Communications Fund (E911 Fund) to the General Fund (Property Addressing budget). This amendment also provides for replacement of mission critical equipment for Property Addressing data collection (GPS equipment & software) that is outdated and requires replacement. This amendment reduces the General Fund financial burden for Property Addressing by $23,448 for FY12.
