PUBLIC HEARINGS
Public Hearing regarding CDBG Economic Development Application
Commissioner Messer made the motion that the Board go into public hearing. All voted in favor and the
motion carried.

Planning Director Anthony Starr stated the NC Department of Commerce requires public hearings as part
of its Community Development Block Grant programs. These programs provide for a variety of activities
including, but not limited to, economic development, housing rehabilitation, community development,
etc.

The Henderson County Partnership for Economic Development (HCPED) requests that the county apply
for these CDBG funds for the benefit of a project with Sierra Nevada and Ferncliff Industrial Park. The
first public hearing was held by the Board on May 7, 2012 as required by CDBG regulations. The purpose
of this second hearing is to receive input on a proposed economic development CDBG application. The
planned application for funds includes providing water and wastewater service to Ferncliff Industrial Park
and the Sierra Nevada Brewing facility.

The proposed CDBG application would include $533,148.10 to construct approximately 6,500 linear feet
of new waterline and 950 linear feet of sewer line to serve the Ferncliff Industrial Park and the Sierra
Nevada Brewing facility. The public notice for this hearing was published in the Hendersonville Tribune
as required. A local match of $26,657.40 is required for this project. Staff anticipates using a portion of
the Sierra Nevada incentive payment to meet this match requirement thereby requiring no additional

Commissioner Messer made the motion that the Board authorizes the Planning Director to submit the CDBG application and other necessary grant documents on behalf of Henderson County. The motion passed 4-1 with Commissioner O'Connor voting nay.

Public Hearing for the FY2013 Rural Operating Assistance Program (ROAP)
Planner Matt Cable stated the Henderson County Board of Commissioners scheduled this public hearing regarding the FY 2013 North Carolina Department of Transportation (NCDOT) Rural Operating Assistance Program (ROAP) grant application in the amount of $224,631. Henderson County’s FY 2013 allocation is increased by $5,807 from FY 2012 (though still reduced by $44,414 from FY 2011 funding levels).

The County receives these grant funds annually and passes them through to Western Carolina Community Action (WCCA), the NCDOT designated Henderson County transit provider. WCCA provides transit services according to specified performance standards and supplies the required matching funds for the grant. The grant funds provide for senior and disabled transportation programs, transportation for a WorkFirst education program, the continuation of public transit service to Edneyville, and demand response transit for citizens who live in other rural areas of Henderson County.

Notices of the public hearing were published (in English) in The Hendersonville Tribune and (in Spanish) in La Voz Independiente on Thursday, May 24, 2012. The two notices fulfill NCDOT requirements for this grant application.

The Board of Commissioners must hold a public hearing on the application. Staff requests the Board approve the Certified Statement and authorize staff to file the application with the NCDOT subject to any comments at the hearing. No County funds are required for this program.

Public Input
There was none.

Commissioner Young made the motion that the Board approves the Certified Statement and authorizes staff to execute all required documents for the FY 2013 ROAP grant application. The motion passed 4-1 with Commissioner O'Connor voting nay.

Commissioner Young made the motion that the Board go out of public hearing. All voted in favor and the motion carried.

INFORMAL PUBLIC COMMENT
1. Dr. George Jones - Mr. Jones spoke in favor of the Historic Resources Commission (HRC) and asked the Board to endorse the new guidelines.
2. Susan Sneeringer - Ms. Sneeringer is the Chair of the HRC and asked the Board to review and approve the guidelines submitted in order for them to apply from grants by the state.
3. Bette Carter - Ms. Carter is a member of the HRC and asked the Board to approve the guidelines.
4. Stephen Fosberg - Mr. Fosberg is the Laurel Park Representative for the HRC and asked the Board to support the guidelines.
5. Ronald Schultz - Mr. Schultz represents District #1 for the HRC and asked the Board to support the guidelines.
6. Gayle Sams – Ms. Sams is with the Office of Emergency Management of Pardee Hospital. Pardee is the only stroke capable hospital in Henderson County. When people have symptoms of a stroke, they should get to the hospital immediately.

7. Beth Long – Ms. Long reminded the Board of Pardee Hospital’s ISO Accreditation – the only hospital in the Carolina’s to receive this status.

8. Terry Natwick – Ms. Natwick works for the Community Partnership for Pets (CPPI). She feels CPPI has been instrumental with their spay/neuter program in Henderson County. CPPI cannot continue with the program without funding.

9. Jill Lydic – Ms. Lydic feels CPPI goes above and beyond helping Henderson County citizens. She requested funding for the program.

10. Mary Cervini – Mrs. Cervini is a co-founder of CPPI. She feels the spay/neuter program provided by CPPT has helped control the animal population and required less euthanasia of animals. In order to continue they must have funding.

11. Mike Cervini – Mr. Cervini is a co-founder of CPPI. He feels if CPPI does not receive funding, the number of animals at the Henderson County Animal Shelter will rise, the number of calls received by the Sheriff’s office will increase, and fewer animals will receive rabies vaccinations. He asked the Board to fund CPPI’s $86,000 request.

12. Liz Kendall – Ms. Kendall is with the Blue Ridge Humane Society. She spoke in favor of the CPPI spay/neuter program and feels Henderson County has the responsibility to help.

13. Beverly Hargus – Ms. Hargus is a veterinarian. She noted that CPPI spay/neuter program is available to anyone for free or low cost. She feels the longer an animal goes without being spayed or neutered negatively affects the health of the animal.

14. Tony Youngblood – Ms. Youngblood works at Animals R-US. She feels CPPI’s spay/neuter program is a great program. The number one reason most people don’t spay or neuter their pets is the cost. She asked the Board to fund CPPI’s request for $86,000.

15. Tom Sanders – Mr. Sanders is the owner of the Blue Ridge Pizza Company. He has applied for and ABC Permit and needed to know what is necessary to move forward.

16. Patrick Ryan – Mr. Ryan asked the Board to support CPPI. The spay/neuter program is the only solution to the overpopulation of animals in Henderson County.

17. Eleanor VanSant – Ms. VanSant is an independent rescuer. Spaying and neutering is critical. By funding CPPI the county will save money and have fewer animals to be euthanized.

18. Pat deLemos – Ms. deLemos commended Brad Rayfield for the job he is doing at Animal Services. She asked the Board to support CPPI by funding their program. Ms. deLemos feels an additional animal officer is needed in Henderson County.

19. Helen Banks – Ms. Banks feels CPPI should be funded in order to control animal population.

**DISCUSSION/ADJUSTMENT OF AGENDA**

Commissioner Messer made the motion to adopt the Agenda with the addition of a closed session and discussion of Pardee Hospital business aspects. All voted in favor and the motion carried.

**CONSENT AGENDA**

Commissioner Messer made the motion to adopt the Consent Agenda as presented. All voted in favor and the motion carried.

CONSENT AGENDA consisted of the following:

**Minutes**

Draft minutes were presented for board review and approval of the following meeting(s):

- May 16, 2012 – Regularly Scheduled Meeting
- May 22, 2012 – Special Called Meeting
- May 29, 2012 – Special Called Meeting
Tax Collector’s Report
Tax Collector Clerk Kathy Johnson had presented the Tax Collector’s Report to the Commissioners dated May 25, 2012 for information only. No action was required.

The April 2012 County Financial Report and Cash Balance Report were provided for the Board’s review and approval.

The following are explanations for departments/programs with higher budget to actual percentages for the month of April:

- Dues/Non-Profit Contributions – 4th quarter non-profit contribution payments
- Information Technology – encumbrances for capital and non-capital technology purchases appropriated in the current fiscal year
- Criminal Justice Partnership Program – 100 percent grant funded program
- Rescue Squad – 4th quarter non-profit contribution payment
- Economic Development – pass through incentive payment of $240,000 from the state to UPM/Raflata.
- Mental Health – payment of mental health maintenance of effort funds appropriated for the fiscal year

The YTD deficit in the Emergency Telephone System (911) Fund is due to the payment of annual debt service ($106,235.53) on financing for the 911 system upgrade and a transfer to the General Fund for eligible property addressing expenditures. Fund balance of $109,755 was appropriated to cover expenditures in this Fund for FY2012.

The YTD deficit in the CDBG – the Mud Creek Grant Project Fund and the CDBG – Talley Drive Grant Project Fund is due to the timing difference between the expenditure of grant funds and subsequent reimbursement from the state.

The YTD deficit in the Immigration and Customs Enforcement (ICE) Fund is due to project expenditures for the new ICE vehicle storage building, new vehicles and the purchase of equipment. Most of these expenditures have been covered through the appropriation of available fund balance in the ICE Fund. Also, due to a timing delay in receiving payments - federal ICE revenues for April will not be received and posted until June 2012.

The YTD deficit in the Solid Waste Landfill Fund is due to expenditures made for the Solid Waste Capital Improvements Project. Fund balance of $1,950,000 was appropriated to pay for approximately 50 percent of the project expenditures in FY2012.

Motion:
I move that the Board of Commissioners approve the April 2012 County Financial Report and Cash Balance Report as presented.

Public Schools Financial Reports – April 2012

Public Transit Fund Budget Amendment – CNG Storage Spheres & Vehicles
The Engineering Department applied for and received a Blue Skies & Green Jobs grant for up to $230,048.00 to purchase additional compressed natural gas (CNG) storage spheres that expand storage capacity for the County’s CNG fueling station. This project allows the CNG station to serve a greater number of vehicles and significantly reduce the County’s fuel costs for vehicles using CNG. The original CNG fueling station was completed in 2011 as a result of a transit grant. The Finance Department desires to route these additional funds through the Public Transit Fund.

The new funds also provide for the conversion to CNG of two trucks for the Cane Creek Water & Sewer District with a possible conversion of another 4 vehicles. This request amends the FY12 budget for the Transit Fund to reflect the additional revenues and expenditures associated with this project. This grant was approved by the Board of Commissioners on March 5, 2012. No County funds are required.

Motion:
I move that the Board approves the budget amendment, for the Transit Fund, as indicated in the attached form and authorize any unspent funds to be carried over to FY13.

Western Highlands Area Authority – Quarterly Fiscal Monitoring Report (FMR) for the quarter ended March 31, 2012
N.C.G.S. 122C-117(c) requires the staff of the local area mental health authority to provide the County Finance Officer with the quarterly Fiscal Monitoring Report (FMR) within 30 days of the end of the quarter. The County Finance Officer is then required to provide the FMR to the Board of Commissioners at the next regularly scheduled meeting of the board. The attached FMR for Western Highlands Area Authority was received by the County Finance Officer on May 10, 2012.

Motion:
I move that the Board of Commissioners approves the Western Highlands Area Authority Fiscal Monitoring Report for the quarter ended March 31, 2012.

Amendment 1 to the FY 13 Consolidated Agreement between the State of North Carolina, Division of Public Health and the Henderson County Department of Public Health
The FY 13 Consolidated Agreement between the State of North Carolina, Division of Public Health and the Henderson County Department of Public Health that was approved at the Henderson County Board of County Commissioners May 5, 2012 meeting has been amended with Amendment 1, which is a minor change merely allowing public health disciplines in addition to nursing to receive training in Management and Supervision for Public Health. Amendment 1 does not affect funding or any critical policies or procedures for this local agency.

Motion:
I motion that Amendment 1 be approved and be incorporated into the FY 2013 Consolidated Agreement between the North Carolina Division of Public Health and the Henderson County Department of Public Health.

Engineering Firm Selection for Ferncliff Park & Sierra Nevada Water & Sewer Infrastructure
Henderson County anticipates receiving funds from the N.C. Department of Commerce and the N.C. Rural Center (NCRC) to construct water and sewer infrastructure to Ferncliff Industrial Park. The County also anticipates receiving funds from the NCRC to construct on-site water and sewer infrastructure for the Sierra Nevada facility.

The Ferncliff Park project includes extending about 6,500 linear feet (LF) of waterline and 950 LF of
June 4, 2012

sewer line to the Ferncliff Industrial Park and Sierra Nevada Brewing facility site (total cost estimated at $533,148.10). This project will be funded by a CDBG and the NCRC. A local match of $26,657.40 is required which staff anticipates using a portion of the Sierra Nevada incentive payment to meet that local match requirement.

The Sierra Nevada on-site project includes constructing 5,600 LF of private waterline and 2,000 LF of private sewer line using funds from NCRC, Sierra Nevada Brewing, and a local match of $10,086.92 (total cost estimated at $406,767.10). Staff anticipates using the incentive payment to Sierra Nevada to meet this required local match.

As part of the procurement requirements associated with the grants and state law, the Planning Department released and advertised two RFQs for Engineering Services. After review of the engineering proposals, staff determined that the statements submitted by Lapsley & Associates meet the project requirements. Lapsley & Associates appears very well qualified, is a local firm, and possesses a high degree of familiarity with the project. The submitted proposals are available in the Planning Department for inspection.

Staff determined that Lapsley & Associates is well-qualified for the proposed work. To provide project continuity and construction efficiency, staff recommends that the Board select Lapsley & Associates for both projects. Two agreements are necessary for accounting purposes.

Motion:

I move that the Board select Lapsley & Associates as the engineering firm for the Ferncliff Park & Sierra Nevada water and sewer projects and authorize staff to negotiate with Lapsley & Associates to develop agreements for engineering services and return the agreements to the Board for approval.

ARCHITECTURAL AMENDMENT WITH MOSELEY & ASSOCIATES DESIGN OF 1995 COURTHOUSE (95CH) RENOVATIONS
Engineer Marcus Jones stated with the selection and contracting of Moseley & Associates as the Architect for the Law Enforcement Center, Renovations at the Old Health Building and planning for the Space Allocation of the 95 CH, staff has negotiated a proposed amendment to their agreement for $92,938. The scope of services is to perform design, permitting and bidding for the Renovations to the 95 CH.

The Renovations to the 95 CH provide expansion space for the occupants as well as update the security for the building and parking areas. The amendment is based on layout drawings for the three floors and parking; the drawings are attachments to the amendment. These layouts are the result of a detailed planning process between Moseley and the occupants of the 95 CH over the past several months. Stan Duncan, Director for the Tax Department, has indicated that the project’s schedule has become critical in order to not have a negative impact on his operations; at least a portion of the Department needs to
relocate by late Fall 2012. Fortunately, the Department has completed the planning phase of the project and is prepared to move onto design.

Unfortunately at the time this agenda memo was published, there are still notable concerns from several of the other occupants that will be located on the top two floors. Therefore, the planning phase will need to continue the agencies on these floors prior to moving into design. The Tax Department will be located on the ground floor with the IT Department and its relocation is not dependent on the other agencies. It is possible if needed to let separate construction contracts for the Tax Department and then the remainder of the agencies to accommodate the Department’s aggressive schedule.

A budget for the renovations has not been established by the Board of Commissioners to date. However, a budgetary cost estimate for the renovations is also attached to the amendment; the total project cost from the estimate is $1.7 million. This is a conservative estimate reflecting the extensive renovations requested by the occupants. Of course, the scope of the design can be scaled back to meet a lower budget or a construction contract can be developed to provide bid options to meet a lower budget. Any reductions to the amendment scope or construction contract would be based on the Board priorities. We do not anticipate the completion of the planning phase to change the estimate significantly or the scope of the proposed amendment. Construction Administration has been deleted from the amendment reducing the fee by over $20,000.

Commissioner Thompson made the motion that the Board approves the designation of $1,000,000 from the Capital Reserve Fund for the total project budget for renovations to the 1995 Courthouse. All voted in favor and the motion carried.

JACKSON PARK CONCESSION OPTIONS
Parks Director Tim Hopkins stated the Parks and Recreation Department has studied outsourcing the concessions stands at Jackson Park. Three concessions stands are situated at Jackson Park. It is proposed that the two concessions stands at field #4 and field 8&9 which service the Adult Softball program be considered for outsourcing.

The expenses and the revenues from operating the concessions fluctuate. The concessions operates currently more as convenience to park patrons. By charging a fee or splitting a percentage of revenues collected by a contracted concessionaire a more consistent source of revenue may be achieved. Hiring an outside concessionaire may also allow for a more diverse and expanded offering of foods and drinks.

The outsourcing of concessions is a common practice among various parks and recreation departments across the state. Through a competitive bid process we can look to find a possible partnership that would enhance our concessions services to the public.

It is requested that the BOC discuss some possible options:
- Continue to operate as we have in the past. Hire staff, stock with product, collect revenue.
- Seek groups, organizations, companies to handle all aspects of concessions (contract out)
- Offer no concessions services.

The Board determined that a study of the concession stands at Jackson Park needs to be completed.

**TRAFFIC CALMING MEASURES IN JACKSON PARK**

Parks Director Tim Hopkin stated as Jackson Park continues to be used as a way to cut through from one side of town to another, measures to curb the speed of vehicles and ensure public safety must be taken. As more and more park users choose to enjoy the trails and greenway in Jackson Park, the safety of these park users must be considered. As walkers, runners, and cyclists look to cross the park road (4th Ave. East) at the speed tables/cross walks it is safest if traffic comes to a full stop. The drivers that currently travel into, out of and just through the park have a tendency to use excessive speed traveling through the eastern side of the park.

Staff is supportive of the proposal to add traffic calming measures to enhance safety along 4th Ave. East in Jackson Park. It is requested that the Board of Commissioners discuss possible options.

- Add 2-Way stop signs at the 3 cross walks along 4th Ave East leading to Parks and Recreation office.
- Add 3-Way stop signs at the road leading to former BMX/Dog Area and at the entrance to Parks and Recreation office parking lot.
- Redesign the speed tables to ensure that speed is reduced at designated cross walks.
- Leave the road as it is.

_It was the consensus of the Board to approve placement of stop signs at the crosswalks and to have staff seek the assistance of the Sheriff to place Deputies in the park with speed guns and issue tickets to speeders._

**BENT CREEK PROPERTY EXTENSION**

County Attorney Russ Burrell stated an extension of the term of the condition of the property deed for the approximately 137 acres in Buncombe County ("the Bent Creek property") titled in Henderson County (though subject to a condition that it be conveyed to Metropolitan Sewerage District for use as a regional sewer facility or revert to Asheville) has been obtained. Title to this property, subject to the stated condition, was obtained in 2002. This extension has been approved by the Asheville City Council.

_Commissioner Messer made the motion that the Board approves the proposed extension. All voted in favor and the motion carried._

**ABC BOARD ISSUES**

County Attorney Russ Burrell stated with the May 8, 2012 passage of the alcoholic beverage referenda in Henderson County, the Board may now wish to consider the establishment of a County Alcoholic Beverage Control ("ABC") Board.

_Commissioner O'Connor made the motion that the board establishes a three (3) member Board for the Henderson County Alcoholic Beverage Control Board to operate under Chapter 18B of the General Statutes. All voted in favor and the motion carried._

The motion failed 1-4 with Commissioners Messer, Young, Thompson, and Edney voting nay._
FY 2013 BUDGET ORDINANCE – CONTINUED
