INFORMAL PUBLIC COMMENTS
1. Irven Stevenson – Mrs. Stevenson owns a transportation company in Asheville known by the franchise of Round-A-Bout. They have been providing safe, timely and courteous transportation to individuals in Asheville and surrounding counties since 1995. She requested their company be a part of the needs assessment in Henderson County. They use modern vehicles with well trained and vetted drivers, and are very cost effective. Mrs. Stevenson feels their service would complement the Rescue Squad.
2. Jodi Grabowski – Ms. Grabowski spoke in favor of greenways and the Ecusta Trail. Henderson County roads are not safe for bicyclist. There are many health benefits with greenways.
3. Jenna Grabowski – Miss Grabowski is a 2nd grader at Mills River Elementary School. She asked the Board to support safe places to ride bikes.
4. Lauren Maybin – Miss Maybin feels the Tuxedo Park has made little progress. The community has done their part and the Commissioners need to step up.
5. Eva Ritchey – Mrs. Ritchey spoke in regard to a service called “Project Lifesaver”. Being Autism Awareness Month, she feels the Board and Sheriff’s Department need to be aware of this project. It’s about caring and safety.

DATE APPROVED: April 16, 2014
6. Candice Matelski – Ms. Matelski has an autistic son. He has wondered away from school (which is very common for autistic individuals) to a four-lane highway. Project Lifesaver consists of a small radio transmitter being placed on a kid as a location device. Many counties already implement the program. This program works for Alzheimer’s individuals also. She requested support from the Board for this program which would be handled by the Sheriff’s Department.

7. John Dockendorf – Mr. Dockendorf is the owner of Adventure Trek and Camp Pinnacle. He applauded the recent joint partnership with Wingate University. He does not feel that subsidy’s are offered equal incentives. We need the best schools, and the vision for 21st Century education.

March 17, 2014 – regularly scheduled meeting

Tax Collector’s Report
Collections Specialist Luke Small had presented the Tax Collector’s Report to the Commissioners dated March 27, 2014 for information only. No action was required.

The December 2014 County Financial Report/Cash Balance Report was provided for the Board’s review and approval. The following are explanations for departments/programs with higher budget to actual percentages for the month of February:

- Fire Services – annual equipment maintenance contract payment for fire services radio equipment
- Rescue Squad – purchase order encumbered for new ambulance approved in the FY2014 budget
- Soil & Water Conservation – purchase grant funded equipment ($21,976) in January
- Economic Development – payment of scheduled economic development incentive payments
- Mental Health – Quarterly payment to the Smoky Mountain Center for Mental Health Programs

The YTD deficit in the CDBG – Scattered Site Housing Fund is due to the timing difference between the expenditure of grant funds and subsequent reimbursement from the state.

The YTD deficit in the Emergency Telephone System (911) Fund is due to the final debt service payment on
the financing to expand the current Emergency 911 Communications Center and the payment of annual technology maintenance and support contracts for the 911 communications system. The February 911 surcharge payment from the state will not be received and posted until March 2014.

The YTD deficit in the Immigration and Customs Enforcement (ICE) Fund is due to lower reimbursements being realized compared to previous years as well as the timing delay in receiving payments – federal ICE revenues for February will not be received and posted until April 2014.

The YTD deficit in the Emergency Communications Center Relocation Project will be reimbursed from the $3.6 million dollar grant awarded by the NC 911 Board for this project.

The YTD deficit in the Solid Waste Landfill Fund is due to the one-time purchase of capital outlay ($130,000) and real property purchased ($160,000) around the landfill perimeter in the first half of the fiscal year. Budgeted debt service of $190,000 was paid in November on the Landfill Improvements Project. Hauling costs are running approximately $150,000 ahead of budget for the year. A total of $325,000 of retained earnings was appropriated in the Solid Waste Landfill Fund to balance the FY2014 budget.

The YTD deficit in the Cane Creek Water & Sewer District Fund is due to a scheduled debt service payment made on the Series 2010B Refunding Bonds in December. A total of $1.5 million of retained earnings was appropriated in the Cane Creek Water & Sewer District Fund to cover capital expenditures for sewer projects approved by the Board and to balance the FY2014 budget.

CONTINUED DISCUSSION ON LAND DEVELOPMENT CODE (LDC) AND MINIMUM HOUSING CODE TEXT AMENDMENTS (TX-2013-02)
Senior Planner Autumn Radcliff stated on March 17, 2014, the Board of Commissioners held a public hearing on the proposed text amendments to the Land Development Code and Minimum Housing Code. The proposed text amendments are based on the recommendations from the Henderson County Regulations Review Advisory Committee (RRAC), new federal and state laws pertaining to communication towers and strengthening the improvement guarantee requirements as requested by the County Attorney.

The Board voted to table its discussion on the item in order to review the proposed amendments and public comments received during the public hearing, specifically comments concerning the front setbacks for commercial zoning districts. Staff has provided a memo outlining the concerns raised and options for the Boards consideration.

Proposed Text Amendments:
- Proposed text amendments based on the
  ➢ Annual review of the Land Development Code
  ➢ Recommendations of the RRAC
New federal and state laws pertaining to communication towers
• BOC held a public hearing on March 17, 2014

Public Hearing Comments:
• During the public hearing concerns were expressed about the front setback reductions for commercial zoning districts. Specific concerns included:
  – Setback requirements currently in place are adequate.
  – Existing commercial business complied with larger setbacks.
  – Setbacks should only be reduced through the variance process.

Land Development Code Text Amendment B:
Reduce Front Setbacks in Commercial Zoning Districts

Issue: Current LDC front setback requirements are restrictive in commercially zoned districts. Reducing front setbacks allow for better design options.

Recommendation: Reduce front setbacks in the Local Commercial (LC), Community Commercial (CC) and Regional Commercial (RC) zoning districts to the following:

STRATEGIC PLAN UPDATE
County Manager Steve Wyatt stated in 2006, the County underwent an extensive planning process for the development of the 2007 Strategic Plan. Following outstanding participation through both community listening sessions and an on-line survey, a Strategic Plan was developed which was adopted by the Board in 2007. Implementation of Year 1d of the Plan began in July, 2007, coinciding with the beginning of the fiscal year.

In December 2008, the National Bureau of Economic Research announced that the US Economy had been in recession since December 2007. Having been aware for some time of the economic issues in the county and the nation, the board had taken action in October of 2008 to freeze hiring, halt capital projects, and develop a budget reduction strategy for that fiscal year, and beyond.

The Impact of the recession essentially halted many of the on-going goals and objectives as identified in the Strategic Plan, as the County’s primary strategy became to withstand the recession without asking citizens for a tax increase or risking the county’s financial health. As the economy within the county and the nation has begun to slowly emerge, Staff has continued with implementation of the objectives in the Plan. Examples of items within the Plan that are currently underway include the small area community plans, addressing EMS facility and operational needs, and annual review of the Land Development Code. Additional items remain ongoing, such as economic development efforts, energy conservation and zero-based budgeting.
