ENGINEER SELECTION - MUD CREEK INTERCEPTOR, NAPLES PHASE

Engineer Marcus Jones stated as directed by the Board with the approval of the FY15 budget for Cane Creek Water and Sewer District (CCWSD), engineering staff solicited engineering firms to perform the subject project for the District. This project will be funded from the District's fund balance with construction anticipated in FY16. The total project is estimated to be \$1,000,000.

In accordance with NC General Statute 143-64.31 (Procurement of Architectural, Engineering, and Surveying Services), staff developed a Request for Qualifications (RFQ) and on October 24, 2014, posted it on the County's website. The responses were received by November 21, 2014 and the following firms submitted Statements of Qualifications: Alvin Fuller, Jr. PE, Design South Professionals, Inc., McGill Associates, PA, Rogers & Callcott Environmental, Shield Engineering, Inc., and WGLA Engineering, PLLC. The Statements are available for review in the Engineering Department at the Historic Courthouse.

A detailed review of the firms was conducted based on the criteria established within the RFQ. The selection criteria are as follows: Project Team, Project Experience, Design Performance, Relationships with Funding and Regulatory Agencies, and Customer Service. Based on their Statements and further investigations, staff recommends WGLA Engineering, PLLC as the most qualified firm.

APPROVED: March 2, 2015

Upon approval of WGLA as the most qualified firm by the Board of Directors, Engineering staff will negotiate a scope of work and fee for the project and bring the resulting agreement back to the Board for approval.
