RESOLUTION – CHILD ABUSE PREVENTION MONTH
Director Eric Bush stated the Department of Social Services Board has requested the Board of Commissioners adopt a Resolution, designating April as Child Abuse Prevention Month in Henderson County. He introduced Hugh Rutledge, an Intake Supervisor, who shared additional information including several statistics.

Mr. Rutledge stated there is an on-call worker available 24 hours a day, 7 days a week, to take reports of suspected abuse or neglect. Reports can be made anonymously. In 2014, one thousand five hundred and twelve (1,512) new reports of suspected abuse or neglect were received by the Henderson County Department of Social Services. Of those reports, 87% met criteria and were accepted for investigation.

In-home social workers provide services to families where there is a risk of the children being removed from the home because of abuse or neglect. Thirty-seven (37%) percent of the intake reports are due to domestic violence and substance abuse in the family.

Chairman Thompson read the Resolution which is hereby attached and incorporated as a part of these minutes.

Commissioner Hawkins made the motion that the Board adopts a Resolution, designating April as Child Abuse Prevention Month in Henderson County. All voted in favor and the motion carried.

RESOLUTION – WE ARE HOPE WEEK
The Henderson County Board of Commissioners is requested to adopt a Resolution observing “We Are

DATE APPROVED: April 15, 2015
Hope” Week, in the Henderson County Public School High Schools. “We Are Hope” week will be recognized from March 30, 2015 through April 3, 2015. This resolution is the result of student leaders in Henderson County Public Schools’ six high schools, who have joined with local Henderson County coalition HopeRx in educating their peers on alcohol, tobacco, marijuana and prescription drug use and abuse.

Molly McGowan Gorsuch, PIO for Henderson County Public Schools, stated Julie Honeycutt, director of HopeRx has been working with the SGA and student leaders in all 6 area high schools, and they have created activities in their schools to recognize and learn about substance abuse and the prevention of it in their schools. Banners will be signed individually at the schools, where each student pledges they will remain substance free.

Julie Honeycutt, director of HopeRx, feels honored to work with the high schools. HopeRx is a county coalition to address prescription drug abuse and other substance abuse issues. Prevention and awareness is key and it is vital that leaders are taking a stand to be recognized in their community and schools to do the right thing. Hopefully this program can be built and taken into the middle schools and elementary schools.

Chairman Thompson read the Resolution which is hereby attached and incorporated as a part of these minutes.

March 18, 2015

A - Bent Creek Property – Add on
B - Construction Manager at Risk Contract
C - Sitework – Health Sciences Center
D - Fire Inspections – Add on

Chairman Thompson made the motion to adopt the Agenda as revised above. All voted in favor and the motion carried.

BENT CREEK PROPERTY – ADD ON

County Manager Steve Wyatt explained that last year the Board entered into an interlocal agreement with the City of Asheville that related to the Bent Creek Property. Henderson County was given the property with the time constraints to conduct the sale of the property and proceeds of that sale to be split 50/50 with Henderson County and the City of Asheville. The City of Asheville would then in turn write a check to Buncombe County in the amount of their proceeds to be used for a Law Enforcement Training Center. It has been the intent of Henderson County to use the proceeds of that sale for a Law Enforcement Center/Public Safety related items.

The County, working with an appraiser, received an appraisal of $6,815,000.00. Upon receipt of the appraisal, the Board directed staff to market the property and advise the public of the sale. Since that time there have been numerous discussions and inquiries of the property. It has been shown with considerable interest. However, given the parameters regarding the sale and the proceeds of the sale, staff for the last several weeks has been in negotiations with Buncombe County about the possibility of Buncombe County being the purchaser.

A statement of an intervention to purchase the “Bent Creek property” in Buncombe County from the Buncombe County Board of Commissioners has been received. County Manager Steve Wyatt shared an excerpt of the letter.

“Thank you for working so closely with Buncombe over the last few days as we talked through the purchase of the Bent Creek/Ferry Road property. We plan to offer this 137 acre site for an economic development project that will be a big benefit to both of our communities.

After working through many details, Buncombe County would like to offer Henderson County $6,815,000 for the property located on Ferry Road in Buncombe County.”

This is subject to approval and action by the Board of Commissioners.

Points to remember:

- The “Bent Creek property” is more correctly “approximately 137.21 acres more particularly described in Deed Book 2152, Page 4, and in Plat Book 50 Page 107 of the Buncombe County Register of Deeds.”
- The Bent Creek property is the subject of an Interlocal Agreement with the City of Asheville. Things to remember from that agreement:
  - The agreement required that the County obtain an MAI appraisal on the property. The County did so (by Benjamin T. Beasley, MAI, dated as of August 26, 2013, finding a value of $6,815,000.00).
  - Any conveyance must be “pursuant to N.C. Gen. Stat. 158-7.1”. More specifically, the conveyance:
    - Must be subject to conditions or covenants on the use of the property for an economic development purpose (nowhere defined, this can mean pretty much what Buncombe
March 18, 2015

County wants it to mean), and,
- Must reserve an easement for the City of Asheville for use as a greenway.

This sale is exempt from a bid process due to the interlocal agreement and legislative backup.

Commissioner Lapsley noted for record that this Board has had interest from other parties and in fact has another offer on the table for substantially less.

Commissioner Hawkins made the motion that the Board enter into a contract to convey the “Bent Creek property” as presented (based on the letter received from Chairman Gantt of the Buncombe County Board of Commissioners) subject to compliance with the Inter-local Agreement, and further authorize the Chairman to execute any real estate documents necessary to complete the sale as well as any documents pertaining to the Interlocal Agreement. All voted in favor and the motion carried.

CONSTRUCTION MANAGER AT RISK CONTRACT
John Mitchell stated the Board of Commissioners approved selection of Vannoy Construction (Vannoy) as the Construction Manager at Risk for the Health Sciences Center project at their June 30, 2014 meeting.

Following the construction manager at risk process, Vannoy is prepared to begin construction on the project. The attached contracts formalize the agreement between Henderson County and Vannoy Construction.

The construction manager at risk process includes a Guaranteed Maximum Price (GMP). The final GMP will be determined by a series of attachments to be added to the Construction Manager at Risk Contract over the next three months as bids come in. The GMP will be a combination of bids accepted for sitework, steel and total building respectively.

The Board is requested to accept A133-2009 Standard Form of Agreement between Owner and Construction Manager as Constructor and accept A201-2007 General Conditions of Contract for Construction.

After discussion, the following changes were requested:
1. Pg 7 sec. 2.6.1 $350 changed to $500
2. Pg 17- change litigation to arbitration
3. Add Hospital Corporation to same extent allowing Wingate regarding change orders- specifically regarding changing deadlines or increasing cost to them or changes to the path of the project
4. General conditions page 12- staff can approve up to $25k in change orders, $25-$50 can be approved by Lapsley and Hawkins, over $50k must come back to the BOC for approval

Commissioner Lapsley made the motion that liquidated damages (page 7) be $500 per floor, per day. All voted in favor and the motion carried.

Commissioner Lapsley made the motion that Dispute Resolution be Arbitration (page 17) rather than litigation. The motion passed 3-2 with Commissioner Thompson and Edney voting nay.

Commissioner Edney made the motion to include the Hospital Corporation to the same extent as Wingate, specifically regarding changing deadlines or increasing cost to them, or changes to the path of the project. All voted in favor and the motion carried.

Commissioner Messer made the motion that the Board approves general conditions change (page 12) allowing staff to approve change order up to $25,000, Commissioners William Lapsley and Grady Hawkins to approve change orders between $25,000 and $50,000, and any change orders over $50,000 must be brought back before the Board. All voted in favor and the motion carried.
Commissioner Edney made the motion that the Board of Commissioners approves the contract with Vannoy Construction as amended including the general conditions. All voted in favor and the motion carried.

SITEWORK – HEALTH SCIENCES CENTER

County Manager Steve Wyatt provided the Board with a spreadsheet for the total project Budget reconciliation for GMP #1.

John Mitchell stated in order to meet scheduling requirements for Wingate University, the county hired a Construction Manager at Risk to expedite the construction process.

The construction manager at risk process includes a Guaranteed Maximum Price (GMP). The final GMP will be determined by a series of attachments to be added to the Construction Manager at Risk Contract over the next three months as bids come in. The GMP will be a combination of bids accepted for the sitework, steel and the total building packages respectively.

Prequalified sub-contractors submitted bids in accordance with NC General Statute. Vannoy is recommending the selection of the lowest responsible bidder. This bid is within the accepted Total Project Budget.

FIRE INSPECTIONS – ADD ON
Commissioner Lapsley stated the County has submitted a proposed agreement with the Town of Mills River for the County to provide certain fire inspection services for commercial buildings inside the Town of Mills River. There were a number of questions generated from that proposed contract. Since Mills River is in Commissioner Lapsley’s district, he was asked to attend the Mills River Town Council meeting. Fire Marshal Rocky Hyder attended with him.

As he understands it, the State of North Carolina adopted fire codes early in the 90’s requiring inspections of commercial buildings. At that time the City of Hendersonville agreed to provide those inspection services to businesses inside the city limits as part of their service to their tax base.

A number of years ago, the County offered to provide those type services to the other municipalities within the county (Flat Rock, Fletcher, and Laurel Park) based on a specific fee schedule. Individual agreements with each municipality were made to compensate the County for providing those services. When the Town of Mills River was formed, for some reason, no agreement was entered into to provide those services. The County did however provide the services to businesses inside the Town of Mills River.

Henderson County provides these services to the unincorporated areas of the county at no charge. Mr. Lapsley feels that everyone should be charged a fee, including the unincorporated areas.

County Fire Marshal Rocky Hyder stated historically back in the early 90s, county commissioners decided to provide that service as a matter of the general services. Unlike a building inspection, the request is not generated by the customer. With fire inspections, the inspector shows up at your door, does the inspection, and bills the customer for the service.

Staff of the Fire Marshal’s Office completes around 1400 inspections per year, including everyone except the City of Hendersonville. (Approximately 700-800 of those inspections are in the unincorporated areas) The Extra Territorial Jurisdiction of the City of Hendersonville is inspected because technically they are still in the county. Fletcher did inspections on their own for a few years, but then chose to contract with the County. Laurel Park has chosen not to pass the cost on to their businesses, however, Fletcher and Flat Rock pass the cost on to the businesses to make it self-supporting.

Three employees are responsible for the process. The Fire Marshal does the plan and review process in handling appeals while the two inspectors are dedicated to performing the inspections.

State Law provides that cities and counties may do the inspections. If the city or county chooses not to perform the inspections, the Commissioner of Insurance is charged with providing that service for a fee. The Counties legal responsibility is for the unincorporated area. Municipalities are responsible for the incorporated area. The county is offering the service as a courtesy.

There are 3 levels of fire inspector; basic fire inspection for mercantile businesses, Level 2 is for larger businesses, and Level 3 is for most factories or industrial businesses. Each level usually takes a minimum of 2 years’ experience as well as passing a certification test. Maximum credentials would require a 6 year process.
When the Village of Flat Rock was first incorporated, they wanted to pass a bill directly to the business. At that time, Rocky agreed to keep track of the exact time it took to complete the inspection for each business and send a bill to each business. It was a lot of work but produced a cost estimate of approximately $50 per inspection, not including overhead. Therefore the price that was provided to the Town of Mills River was based on the average overall of $50 per inspection. Clearly it doesn't account for all expenses. After the meeting with Mills River, Rocky feels we would be in a better position to withdraw our offer and let them come back with an offer.

County Manager Steve Wyatt informed the Board that he would be sending a letter to Mills River next week, unless the Board tells him not to, that says effective 07/01/2015, the handshake deal is over with and they are on their own.

*It was consensus of the Board that County Manager Steve Wyatt advise Mills River that all municipalities are to be treated the same, and we cannot continue to provide fire inspection services without charging.*

The Board determined that fees need to be reviewed during the budget process.

**COUNTY MANAGERS REPORT**

**SET PUBLIC HEARING – DRAFT HISTORIC LANDMARK ORDINANCE AND DESIGN GUIDELINES**

Autumn Radcliff stated at the request of the Historic Resource Commission (HRC), the Board of Commissioners asked staff to work with the HRC to develop and present a proposed Historic Landmark Ordinance and corresponding Design Guidelines in FY 2015. The purpose of the ordinance would be to allow for the creation and governance of historic landmarks within Henderson County through a voluntary program. The Design Guidelines, as required by state law, act as an assisting document to the ordinance detailing permitted property modifications for property owners who are approved for the program.

The Henderson County Planning Board reviewed the final draft of the Historic Landmark Ordinance at its meeting on January 15, 2015 and voted unanimously to send forth a favorable recommendation to the Board of Commissioners.

The Board of Commissioners must hold a public hearing in order to adopt the Historic Landmark Ordinance. Planning Staff recommends the Board of Commissioners set a public hearing date for Wednesday, April 15, 2015 at 9:00 AM to consider the adoption of a Historic Landmark Ordinance for Henderson County.

Mr. Steven D. Wyatt, County Manager
Henderson County
1 Historic Courthouse Square, Suite 2
Hendersonville, NC 28792

Dear Steve:

Thank you for working so closely with Buncombe over the last few days as we talked through the purchase of the Bent Creek/Ferry Road property. We plan to offer this 137 acre site for an economic development project that will be a big benefit to both of our communities.

After working through many details, Buncombe County would like to offer Henderson County $6,815,000 for the property located on Ferry Road in Buncombe County. The property, consisting of approximately 137.21 acres, is described in Deed Book 2152 at Page 4 and in Plat Book 50 at Page 107 Buncombe County, North Carolina Registry.

If you have any questions, please don’t hesitate to give me or our County Manager a call.

Sincerely,

[Signature]
David Gantt,
Chairman
