18.
Dear Henderson County Commissioners:

First let me thank you for hearing my request. I would like to follow up with a few more ideas. First of all it has been suggested that just amending my current zoning would be sufficient. While Mr. Star might be sympathetic and easy to work with now, who's to say the next person will be. Second, Mr. Star stated that RC is for the super Wal-Marts etc. and yet none of the properties next to me to the north have sufficient space to accommodate that size business, yet they have the RC rating. It seems to me a road like US25 that goes from Cincinnati, Ohio to Brunswick, Ga. would be Regional. Third, this is one thing that can be done to insure services to the community that will not cost the taxpayer anything. Thank you for listening.

Sincerely,

Bryan Vaughn, owner
Vaughn's Auto Service

To: Henderson County Board of Commissioners

Re: Zoning for following parcels:
   PIN 9651518627 Parcel 9903772
   PIN 9651519293 Parcel 0116630
   PIN 9651519783 Parcel 9903771

Dear Board Members,

During the US Highway 25 North Zoning Study, we went through the process of changing the proposed zoning of OU to C-4. The final zoning on the map as of 6/08/05 was C-4.

After going through this process so recently, we respectfully request that the zoning for these parcels, which is currently CC (Community Commercial) under the new zoning, be changed to RC (Regional Commercial). This would be more reflective of the C-4 zoning that we had worked for several years during the study noted above to achieve.

We currently have businesses under lease at these locations. One of them is a business that leases and sells trailers and related equipment. This business would have been within the zoning code under C-4, but is restricted under the new zoning of CC. Since these businesses are under lease and will change over time, we would like to make sure that the zoning for future businesses is within the RC zoning code as well.

Thank you very much for your consideration. If you have any questions or concerns that we might address, please don’t hesitate to contact us.

Sincerely,

[Signature]
