## PROCLAMATION

**WHEREAS,** We believe in the unity of our human community and that each individual in Henderson County, regardless of race, ethnicity, religion, age, gender, disability, sexual orientation and economic status is entitled to equal justice, decent housing, adequate health care and equal opportunity for education;

**WHEREAS,** We believe that disregard for human rights results in unfair and unequal treatment and offends the conscience of the community, and that a community in which all individuals enjoy equal respect is the highest aspiration of a society;

**WHEREAS,** We further believe in the value of meaningful, honest dialogue and shared activities to promote human rights, relations and responsibilities among the diverse groups in Henderson County.

**NOW THEREFORE BE IT RESOLVED** that the Henderson County Board of Commissioners proclaims December 10, 2006 locally as Human Rights Day and calls upon the citizens of Henderson County to be informed of this Proclamation by causing it to be disseminated, displayed and read in public places without distinction.

Adopted this 6th day of November, 2006.

  
William L. Moyer, Chairman  
Henderson County Board of Commissioners

Attest:

  
Elizabeth W. Corn, Clerk to the Board

## **AN ORDINANCE CONCERNING PROTECTION OF GATED COMMUNITIES AND SUBDIVISIONS**

WHEREAS, the Henderson County Board of Commissioners has determined that certain gates as used by subdivisions and other communities within Henderson County could impede the provision of emergency law enforcement, fire protection and other services to the residents of such subdivisions and communities; and,

WHEREAS, in exercise of its police power for the protection of the welfare and safety of Henderson County residents, the Henderson County Board of Commissioners has determined that the following is needed to insure the safety of the County's residents; and,

WHEREAS, the following balances the need of law enforcement, fire protection and other emergency responders in Henderson County for unimpeded access to the residents of such communities with the desire of such residents for the security and appearance of a gated community; and,

WHEREAS, in exercise of its police power for the protection of the welfare and safety of Henderson County residents, the Board of Commissioners adopts the following.

NOW, THEREFORE, BE IT HEREAFTER ORDAINED by the Board of Commissioners of Henderson County that a new provision of the Henderson County Code is hereby enacted, as follows:

### **CHAPTER 89. ENTRY GATES**

89-1. Definitions. Except as otherwise defined herein, all terms contained herein shall have their meaning as otherwise defined in the Henderson County Code, or if not so defined, as commonly used. The following terms are specifically defined as follows:

- A. Access control device: equipment and/or machinery that opens and closes an entry gate.
- B. Entry gate: movable partition for controlling access and egress.
- C. Vehicle: Any motor vehicle which is allowed to use the public roadways in North Carolina, but not including vehicles which include trailers or semi-trailers.

89-2. Design.

A. All subdivision or community entry gates constructed hereafter shall be setback sufficiently far from public road or street access to allow for the stacking of at least three vehicles out of the public travel lanes on the public road or street.

B. All entry gates hereafter constructed shall have an additional setback between the point of the access control device and the entry gate shall be required to allow a vehicle which is denied access to safely turn around and exit onto a public street.

C. Approach and departure areas on both sides of a gated entrance must provide adequate setbacks and proper alignment to allow free and unimpeded passage of emergency vehicles through the entrance area.

89-3. Size of entry gate area. Entry gates shall have sufficient minimum gate widths and openings to allow safe passage of all vehicles. Overhead barriers or obstructions shall provide a minimum thirteen feet six inches (13' 6") vertical clearance at its lowest point.

89-4. All plans for entry gates for which construction is not complete as of the adoption hereof shall be subject to inspection by the Henderson County Fire Marshal and Henderson County Sheriff's Department for compliance with the provisions. Once such plans are approved, the entry gate shall be constructed in compliance with such plans.

89-5. All entry gates for which construction is complete as of the adoption hereof shall be retrofitted in such manner as to be in compliance with the terms of this Ordinance within six (6) months of the date of adoption hereof.

89-6. The developer and homeowners' association shall provide unfettered access to all private streets by emergency and law enforcement vehicles. Access procedures must ensure immediate access through the entry gates for emergency and law enforcement vehicles responding to emergencies without need of special keys or codes. This may be done by access control device approved by Henderson County. The developer and homeowner's association shall provide and annually update documentation necessary to provide this access to the Henderson County Fire Marshal and Sheriff's Department that proposed entry gates and access procedures meet all County standards for access by emergency and law enforcement vehicles. If the homeowner's association fails to maintain reliable access for the provision of emergency or other public services, the County may enter the gated residential development and open, disable or remove any gate or device, which is a barrier to access, at the sole expense of the homeowners' association. The declaration of covenants, conditions and restrictions and any other relevant documents of the homeowners' association shall include a statement to this effect.

89-7. The developer and homeowners' association shall guarantee reasonable access to all private streets by Henderson County and State of North Carolina employees operating within the scope of their official duties to perform zoning, inspections and other governmental regulatory activities, and to all public utility companies to perform installation and maintenance activities of public utility infrastructure. A statement to this effect shall be filed with the Henderson County Sheriff's Department and appear on the final plat of all new development.

This section shall be effective upon adoption, and shall be codified as a free-standing ordinance, and shall be cross-referenced as a part of the Henderson County Subdivision Ordinance (and any subsequently adopted replacement therefore), and compliance herewith shall be deemed to be an additional requirement of such Ordinance.

Adopted the 6<sup>th</sup> day of November, 2006.
