FOR IMMEDIATE RELEASE

Library Technology Survey

HC-2014-20

Hendersonville, NC – Thursday, May 1, 2014

Beginning today, Thursday, May 1st through Thursday, May 15th, the Henderson County Public Library will be conducting a survey on the use of the library's computers and internet connection. This information will help the library improve its technology services. The information will also be used to communicate the value of providing free access to computers and the internet within the community. The survey is anonymous, available in English and Spanish and takes approximately 15 minutes to complete.

Please support the library by helping them improve their services. If you have ever used the computers or internet service at any of the six county libraries please go to the library website at www.henderson.lib.nc.us to complete the survey. You can also take the survey using one of the library's public access computers.
