

Sheriff Rick Davis is pleased to announce that the North Carolina Governors Office has authorized an award of up to \$5000.00 for information leading to the arrest and conviction of the person or persons responsible for the murder of Charity Simpson Worley of 1004 West Gilbert Street in East Flat Rock in Henderson County NC.

Sheriff Davis -"We have been adamant in pursuing this case and it should be noted that there has been no let up in the investigative effort put forth by our detectives and the NCSBI. We have continued to pursue leads, conduct interviews, and brainstorm on a regular basis in order to bring this case to a satisfactory conclusion. That would of course, involve the arrest of the person or persons responsible. We are very grateful to Governor Beverly Perdue for making the authorization and signing the proclamation allowing the payment of this reward. We feel that this is another important tool that might help bring forth the critical information needed that will allow us to solve this horrific crime. Again, we are asking that anyone who has any information that might be helpful to please contact our office. Someone is privy to a critical detail that if shared could bring justice to this family. Ms. Worley left behind a young child, a husband and other family members, all of whom are looking to us to solve this tragic case."
